Unique Student Identifier

If you're studying nationally recognised vocational training in Australia you will be required to have a Unique Student Identifier (USI). Your USI links to an online account that contains all your training records and results (transcript) that you have completed from 1 January 2015 onwards.

When applying for a job or enrolling in further study, you will often need to provide your training records and results (transcript). One of the main benefits of the USI is the ability to provide students with easy access to their training records and results (transcript) throughout their life. You can access your USI account online from your computer, tablet or smart phone anytime. Fact sheets –available to download [Student Information for the USI](#)

It's free and easy to [create your own USI](#) and will only take a few minutes of your time. Alternatively, we can create your USI on your behalf. To do this we will need some additional identification information from you such as your driver's licence number. If you provide this information, ICMS accept that you have agreed to us creating a USI on your behalf.
